# PERSONAL FINANCES

What is your goal?

1. I want to be able to pay for my education without taking on too much debt.

What are your current expenses?

1. I currently spend \$1,200 per month on rent, \$500 on groceries, and \$300 on transportation.

How do you plan to pay for your education?

1. I plan to pay for my education through a combination of scholarships, grants, and student loans. I have received a \$2,000 scholarship from my school and a \$1,500 grant from a local foundation. I also plan to take out a student loan for the remaining amount. I have also worked part-time jobs to help cover my expenses.

How do you plan to manage your debt?

1. I plan to manage my debt by making regular payments and avoiding taking on any additional debt. I will also look for opportunities to pay off my debt early.

What are your long-term financial goals?

1. I want to be able to pay for my education without taking on too much debt. I also want to be able to save for my future and have a good credit score.

What are your current savings goals?

1. I want to save for my education and have a good credit score. I plan to save \$500 per month for my education and \$200 per month for my credit score. I will also look for opportunities to invest my money.

What are your current financial needs?

1. I need to pay for my education and have a good credit score. I also need to save for my future and have a good credit score.

What are your current financial goals?

1. I want to be able to pay for my education without taking on too much debt. I also want to be able to save for my future and have a good credit score. I plan to save \$500 per month for my education and \$200 per month for my credit score. I will also look for opportunities to invest my money.
