Program Features

Program of Study

Whether you are an online or a campus-based student, your program of study will follow the four-year plan that can be viewed at the link below:

¹Canvas

Stay in contact with your instructor! This is critically important. The ASLIS instructional and administrative staff want to support you during your academic journey. You are responsible for keeping them informed and to work with them in accomplishing your academic goals. Be sure to check BearMail (as well as Canvas Inbox messages) at least three times per week as time sensitive materials could be waiting for you from UNC or the ASLIS department.

It is also important to check the ASLIS website, www.unco.edu/cebs/asl-interpreting/, on a regular basis for updated information and links to various resources. For instance, this is where the summer residential schedule will be posted.

Rubrics

Grading for assignments is based on a grading rubric (an assessment tool for making scoring decisions). The rubric itemizes the criteria that will be evaluated for an assignment and describes the characteristics of an A, B, or below graded assignment.

Checking Grades

You will be issued a Bear Number as an ASLEI student at UNC. This Bear Number will give you access to your online academic files. You will be able to check your grades at the end of ea

University Standards of Conduct

Disability Resources

It is the policy and practice of the University of Northern Colorado to create inclusive learning environments. If there are aspects of the instruction or design of this course that present barriers to students' inclusion or to accurate assessments of students' achievements (e.g., time-limited exams, inaccessible web content, use of videos without captions), students should communicate about these aspects with their instructor(s) and contact Disability Resource Center (DRC) to request accommodations.

Academic Integrity

Students are expected to practice academic honesty in every aspect of this course. Students who engage in academic misconduct are subject to grading consequences with regard to this course and/or university disciplinary procedures through the Dean of Students Office. More information about the academic misconduct process can be found in UNC's Student Code of Conduct (BEAR Code).

Attendance

Students are expected to attend class regularly. Each instructor determines the relationship between class attendance, the objectives of the class, and students' grades. Instructors are responsible for articulating their attendance policies and their effect on grades to students. Students are responsible for knowing the attendance policy of each course. Only the instructor can approve students' absences. S a apd (n)-0.7ntuov1on able
