

Air Force Base because as, most people familiar with the military know, you have certain physical training or PT requirements to make sure that you're physically able to carry out your duties. And part of that means that you have to exercise to be able to meet the requirements.

What Mr. Ervin liked to do is he liked to ride his bike so what he would do is on days that he was gonna do that he'd drive up to Andrews and ride his 24 speed

1 talking about that today.

And Mr. Ervin's gonna describe to you how this accident took place. And what he's gonna tell you is basically this, if I don't drop it on the floor. This is working out real for me ladies and gentlemen; let's try it this way. It's like I'm doing a wideo on what not to

l lane was clear.
